Designing Incident Response Playbooks

2024-02-07

- What is my approach to threat modeling? What methodologies do I find most useful?

[[Methodologies]]

- How do I ensure the company controls and processes strike the right balance between developer productivity and security?

[[Strategy]]

- How did I manage building and executing a security strategy from scratch?

[[Detailed Approach]]

- Who are Canonical's key competitors, and how should Canonical set about winning?

- What would you most want to change about Canonical?

- Describe your approach to coaching, mentorship and career development

[[Thoughts on Canonical's Mission]] [[Canonical's Key Competitors]] [[Desire to Work for Canonical]] [[Changes Desired in Canonical]] [[Excitement About the Role]]

- An experience in which I successfully coordinated my company's security operations with a public agency.

[[Experience Details]]

- I describe my last experience creating security standards and procedures. Which framework did I use and why?

[[Framework Used]] [[Reason for Choice]]

- What approach would you take in designing and implementing incident response playbooks? What makes them effective?

[[Design Approach]] [[Effectiveness Factors]]
